Your Love Archetype

Discovering Your Romantic Essence

THE ARCHETYPE

The Eloquent Visionary

Love is a conversation that never ends, built on a foundation of shared goals.

Variante: The Grounded Intellectual · Virgo Mars influence

As an **Eloquent Visionary**, you possess a rare blend of lightness and depth. Your Gemini Sun and Venus make you a social butterfly who thrives on exchange, but your Capricorn Moon ensures that you don't give your heart away cheaply. You see the potential in people and are often drawn to partners who have a clear sense of purpose or a story to tell.

In a relationship, you are the person who remembers the small details and uses them to build a grander future. While you might seem detached at first due to your air-heavy placements, your **Libra Ascendant** makes you deeply committed to the idea of a 'power couple'. You seek a union where two independent minds come together to create something more significant than the sum of their parts.
